Medical Release Forms are needed

We need an updated form for each student who participates in our youth programs in 2023. This completed form will help to insure we have emergency contact information should the need arise. This form also gives us accurate email addresses so we can send out timely information about our weekly programs and special activities. This form must be turned in before students can attend any off campus activities or ride in church provided transportation.

Summer Youth Mission Trip “Reveal Party”

Come on February 12th at 4pm to hear information about our mission trip. We will share where our youth mission team will be serving. The dates of our trip. The application process and much more. Even if you aren't planning on attending this summer mission trip, this scavenger hunt style event will be a fun one. You and your friends will search for clues about the trip. You will decode and discover the State, City and Trip Dates making this a fun unique activity. **Note: This will be a special 1 hour activity from 4pm - 5pm only.** Snacks will be provided but no meal will be served that afternoon. This activity takes place of our regular youth group that evening.

Youth Group in February

We will meet at our regular Sunday afternoon/evening time of 4pm – 6pm on Feb. 5th & 26th. We have a special event on Feb. 12th (See above). We will NOT meet on President's Weekend. Dinner will be provided during our normal Sunday youth group meeting but the nightly theme and activities will change every week.

Teen Leadership Meetings

Meetings will take place once or twice a month during the winter and spring months. This is one hour where students will give input on upcoming activities and help make plans for future youth events. There will always be some sort of hands on service project connected with our meetings. Community service hours can be earned for teen participation. This February we will meet once on Feb 21st. March we will meet twice on 7th and 21st
